# TREK2 HEALTH

REECE TREK 2022 at the beautiful Enoggera Reservoir, The Gap, book your team and be involved with REECE TREK 2022, this event is proudly supporting Trek2Health, support this great event. We are expecting this year to attract 300 people from the plumbing industry participating in our event and with this comes an opportunity for you and your company/family and friends to support your industry. Trades are one of the most at risk industries for poor mental health, and we want to change that. We're taking part in Trek2Health to raise awareness and start a conversation about mental health for plumbers. Funds raised from this trek will support plumbers who need a helping hand, via Trek2Health's 6 week GET Resilience program, which is designed to boost individual physical and mental wellbeing in a stigma-free, supportive environment. The Team goal is to raise \$1600 to support a plumber to take part in the program.
